PAVEMENTS FOR STATE,
COUNTY, MUNICIPAL,
COMMERCIAL, AND
PRIVATE CUSTOMERS.
OUR CAPABILITIES
INCLUDE DESIGN
LAYOUT, EXCAVATION,
BASE PREPARATION,
CONSTRUCTION OF
NEW PAVEMENTS,
AS WELL AS,
REHABILITATION
AND
MAINTENANCE
OF EXISTING
PAVEMENTS.

DID YOU KNOW
Asphalt is a highly versatile product that can be used from driveways to bike trails to highways.

BEAR CREEK GOLF COURSE, of Forest City, joined the Forest City Chamber of Commerce for an extensive paved cart path and bike trail system. Heartland Asphalt was selected to design and construct the 4.3 mile project which included 7-foot wide cart paths, in conjunction with an 8-foot wide bike trail, and a 10-foot wide segment that is used by both golfers and bikers.

The wooded nature of the terrain, and the eight bridges that could not handle heavy equipment, proved to be a difficult challenge. The cart paths were laid with 2.5-inch asphalt mat over a granular rock sub-base, with the bike trail being a 4-inch asphalt mat placed in two lifts over a compacted dirt sub-base.

With time being a factor because of the upcoming Forest City Pro-Am Tournament, final grading and placement of 3,400 tons of asphalt was completed in just five days.

“...It was very impressive to see how Heartland overcame obstacles to complete the project.”
