OUR CAPABILITIES INCLUDE DESIGN LAYOUT, EXCAVATION, BASE PREPARATION, CONSTRUCTION OF NEW PAVEMENTS, AS WELL AS, REHABILITATION AND MAINTENANCE OF EXISTING PAVEMENTS.

DID YOU KNOW?
Heartland Asphalt donates to several community projects annually.

NEWMAN CATHOLIC SCHOOL SYSTEM replaced a vulnerable structure with a new elementary grade school building in Mason City. One of the features of the new facility, which shares spacious grounds with Newman Catholic High School, is an ample paved parking lot and playground.

Heartland Asphalt installed a 5,300 square foot paved asphalt parking lot and entrance drives along with a 2,790 square foot asphalt playground and 6,800 square feet of PCC sidewalk and pads. The main drive consists of a 6-inch asphalt mat over an 8-inch rock base, while the parking lot consists of a 4-inch asphalt mat over an 8-inch rock base. Each is bordered with a 24 x 6-inch PCC Curb and Gutter section.

The playground features a 3-inch asphalt mat over a 4-inch rock base.

The project began in mid-June and was finished in time for the opening of school in August.

Heartland Asphalt made an in-kind donation for the total cost of this work—\$215,000—towards the Newman Capital Campaign.

“...This was a quality project, completed in a timely manner. The Heartland people were a pleasure to work with...”
